In order for this office to process your request, it is necessary for us to obtain some information about your employment, finances and expenses.

Please be advised that this office represents only the State of Indiana and does not represent or give legal advice to either party in a child support matter. Your request for a modification does not create any type of attorney/client relationship between you and this office.

Please be advised that if we determine, after our review of your information and the non-requesting party's information, that the child support should be decreased, we will file a petition for a downward modification.

Attached is a Financial Statement relating to your employment and financial information. Please provide us with the requested documentation in order to have your request processed. **Custodial Parents will fill out Sections A and C, and non-custodial parents will fill out all three sections.** If all of the necessary sections are not completed, your request for a modification will be denied.

Upon receipt of this completed information, we will contact the non-requesting party and obtain the necessary information regarding income and circumstances. When that is received, we will then begin the review process of your child support using the Indiana Child Support Guideline worksheet and advise you of the results. Please allow 90 days from the time you return the information to us for such a review to take place.

If you have multiple cases and would like a modification on all of your cases, you will need to complete a financial statement for each case.

Please be advised that the Court may only modify child support if one of the following conditions exists. It has been more than one year since the order was entered and the new amount is at least 20% different from the old amount. The second condition is that there has been a substantial and continuing change of circumstances that makes the prior order unreasonable.
